Merced Irrigation District General Manager John Sweigard announced today that members of his management team had raised \$600 to purchase vouchers allowing kids to swim free on hot days at McNamara pool. That announcement follows MID's commitment last month to provide \$1,000 to help reopen the pool and conduct a water and canal safety day at a future date this summer. (For the complete press release, please click [here](#).) The cost of the vouchers is \$1 each.

"I am proud of the MID management team for stepping forward," said Sweigard. "Equally important, I want to thank all those in our community who have already contributed to this effort and encourage other management teams to undertake a similar effort. My hope is our community will continue to work together to solve such challenges during these difficult economic times."
