

Local Storm Watch webpage launched

Contact numbers and key information provided

The City of Merced, Merced County and Merced Irrigation District have launched a webpage, [Storm Watch](#), intended to provide links to key weather and stream information in preparation for winter storms. The webpage also includes contact information for potential high-water issues that may arise during the winter months. Winter preparedness tips are also provided.

Officials remind residents to have basic emergency supplies on hand. These include extra food and bottled water, clothing and blankets, a first-aid kit, flashlights and an emergency radio with batteries. A complete list of items can be found through the Federal Emergency Management Agency by clicking [here](#).

The Storm Watch Page can be accessed [here](#).
