**MINIMUM CHARGE:**

The minimum charge for each month or portion thereof shall be the Customer Charge.

*Continued*

*Effective 05/01/2022*

**SPECIAL CONDITIONS:**

1. For customers changing schedules between billing dates, the schedule in effect at the time of the end of the normal billing period will be used to compute the bill.
2. Financial Assistance for Electric Service Customers (MED/CARE Programs). Qualifying households can receive discounted rates on their monthly energy bills once eligibility has been verified by the District according to section(s) 20 and 21 of the Electric Service Rules. Applications MED/CARE programs can be found on the District website (<http://www.mercedid.com/index.cfm/power/for-your-home/care-medical-programs/>).
3. Where service is supplied through new electric facilities provided by the District, the electric service supplied shall be in accordance with a contract authorized by the District's Board of Directors.
4. Any customer who reapplies for service within 12 months of canceling that same service must pay, before the new service will be provided, the total Customer Charges that would have otherwise been payable between the prior cancellation date and the new service date.
5. No Customer Charge, Minimum Charge, Energy Charge, (Demand Charge, Power Factor Charge) or any other Charge shall be payable if the Customer ceases to have any electric service requirements at the location designated in the Customer's Agreement to Provide Electric Services.
6. Mandated Charges: Public Benefits Program (PBP) is mandated by the State of California to provide services to low-income customers and to promote energy conservation and renewable energy sources. This fee is set at the existing rate of the Investor Owned Utilities, presently at 2.85%. Local Government Permits and Fees vary, but do not exceed 2.5%.
7. Baseline Quantity: A minimum allowance for the base electric rate and is equal to 486 kWh per month for winter use and 716 kWh per month for summer use.
8. Seasonal Charges: The summer season is May 1 through October 31 and the winter season is November 1 through April 30. Bills that include May 1 and November 1 seasonal changeover dates will be calculated by prorating the applicable baseline quantity for each season by the number of days in each season for the billing period.
