MERCED IRRIGATION DISTRICT
WATER & POWER

EMPLOYMENT OPPORTUNITY
ENGINEERING INTERN
Two (2) Positions

Water Resources Engineering
$23.00 to $27.00 per hour DOQ

The Merced Irrigation District (MID) is seeking self-motivated and qualified individuals to fill two (2) Engineering Intern positions. The intern should expect to work full-time hours during summer break and be assigned to work on various projects within the Water Resources Department. Part-time hours will be considered for non-summer break periods. Candidates with interest in Civil or Agriculture Engineering, water resources, or related fields are encouraged to apply.

The qualified candidate must be enrolled in a program leading to a degree in Engineering or have recently graduated from a four (4) year college or university with an emphasis in Engineering; have demonstrated skill in preparing written and oral reports; have the ability to apply research methods and quantitative analytical techniques; have the ability to communicate clearly and concisely; have the ability to work with minimal supervision; have the ability to follow oral and written instructions; and have the ability to work cooperatively with others.

To apply for this position, please refer to the "Employment Application Instructions and Guidelines" found on the "CAREERS TAB" on the Merced Irrigation District website at www.mercedid.org. Applications will only be accepted through the online system.

New users must set up an account at:
https://Merced.accessgovernment.net/ApplicantTracking
Assistance with this new feature can be obtained in Human Resources

Applications will be accepted until 5:00 p.m. March 31, 2025. The passing of a Basic Skills Test, pre-employment drug screen and background investigation are required for the successful candidate.
